ARMED SERVICES YMCA

Making Military Life Easier.

Armed Services YMCA

The Armed Services YMCA is a non-profit 501 (c) (3) and its mission is to enhance the lives of military members and their families in spirit, mind and body through programs relevant to the unique challenges of military life.

We focus on serving junior enlisted service members and their families through 34 branches, located near or on 59 of the largest military installations in the country. We provide services at more than 200 locations with a small number of paid employees and 10,000+ volunteers donating 112,000+ hours to 500,000+ troops and their family members in 2015.

Our Programs, Services, and Events

In coordination with the Department of Defense and installation commands, we work closely to identify gaps in programs and services. Programs are tailored to help cope with the realities of military life, including the stress of having a loved one deployed, additional childcare responsibilities and increased financial burdens. Healthy families contribute substantially to the success of the military and defense community during peacetime and more importantly, in times of combat. The Armed Services YMCA promotes strong kids, families and communities through our many support services.

The following are a few examples:*

Youth Development

- After school programs
- Aquatic Classes
- Before and After School Care
- Child Care
- Children Playgroups
- College Scholarships
- Field Trips
- Kids Olympics
- Operation Hero
- Parent and Me Classes
- Pre-School
- Soap Box Derby
- Summer Camp
- Supplemental Home School
- Teen Programs
- Youth Fishing Derby

Healthy Living

- Baby Contest
- Bible Study
- Christmas You Missed
- Family Meals
- Fitness Classes
- Food Pantries or Emergency Food Assistance
- Healthy Kids Day
- Kids Cooking
- Military Family Outreach
- Military Family Recognition
- NICU Reunion
- Operation Kid Comfort
- Parent/Child Dances/Teas
- Programs for Children with Special Needs
- Recreation Therapy
- Spouse Activities
- Summer Food for Children
- Troop Fishing Trips
- Trunk or Treat
- Wounded Warrior Support
- Youth Basketball

Social Responsibility

- Activate America
- Airmen Against Drunk Driving
- Airport Lounges
- Baby Bundles
- Emergency Financial Assistance
- Formal Attire Loan/Giveaway
- Give Aways, Tickets
- Guardian Angel
- Holiday Activities; Food and Gift Assistance
- Infant Car Seat
- Local Community Outreach
- Military Readiness Group Support
- Military Unit Support
- Operation Ride Home
- Social Work
- Teddy's Child Watch
- Thrift Store (free or for pay)
- Transition Assist
- Transportation
- Volunteer Development
- Washers and Dryers for Airmen
- Welcome Centers
- Y on Rails

**Not all programs, services and events are available in all locations.*

**FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY**

ARMED SERVICES YMCA

**We deeply and selflessly care for our troops
and ensure their needs are met - because
they do the same for us.**

OUR MISSION

Operation Homefront provides emergency financial and other assistance to the families of our service members and wounded warriors.

- ★ Operation Homefront leads more than 2,500 volunteers with nationwide presence who provide emergency and other financial assistance to the families of service members and wounded warriors.
- ★ The financial assistance we provide to military families is in the form of grants, not loans, paid directly to service providers for needs like car and home repairs, utilities, and rent or mortgage payments.
- ★ Our morale programs are based on making life easier for military families with tangible support that demonstrates that the American people care about their struggles.

★ **EMERGENCY ASSISTANCE:**

Grants to address unforeseen budget shortfalls for basic needs like rent, utilities, and food.

★ **TRANSITIONAL HOUSING:**

Rent-free apartment communities for wounded warriors and their families transitioning from the military.

★ **PERMANENT HOUSING:**

Mortgage-free homes for military families with a wide spectrum of services and support.

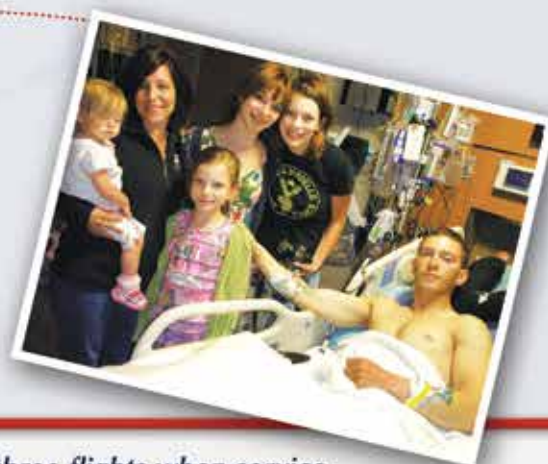

★ **MORALE PROGRAMS:**

Programs designed to strengthen and uplift military families.

A NONPROFIT 501(c)(3) ORGANIZATION

Many are unaware that our government only provides three flights when service members are wounded. Recovery from injuries can last several years.

This is where Luke's Wings steps in.

Luke's Wings, a non-profit dedicated to the support of American heroes who have been wounded in battle, provides families with the means to visit during the service member's recovery.

Learn more and donate at www.lukeswings.org

Transportation Assistance Programs

Wounded Warriors

Visits with loved ones as service members celebrate milestones in their recovery not only bring comfort, but also play a crucial role in healing both physically and emotionally.

Special Operations Command

Luke's Wings is the "go-to" for providing flights for the loved ones of special operators, who are injured on special missions, under the Special Operations Command Care Coalition.

Veterans in Hospice Care

Luke's Wings provides flights for family members of Veterans in hospice care in an effort to ensure that no Veteran is ever alone during their final days.

Donate Miles

Luke's Wings is proud to be a Delta SkyWish Miles partner.

GENERAL INFORMATION

DEFENSE SWITCHED NETWORK (DSN)

DSN is a common user-dial network, interconnecting major Department of Defense agencies and installations. Use of DSN is limited to official government business. The following website has DSN information for all military installations worldwide. www.disa.mil/dsn/directory/conus.html

JOINT UNIFORM TELEPHONE PRECEDENCE SYSTEM

All authorized users of voice communications facilities of the Department of Defense direct the Joint Uniform Telephone Communications Precedence System for use. Since the effectiveness of the system depends upon cooperation of the persons authorized to employ it, users must be familiar with each level of precedence category and the types of calls that may be assigned precedence.

PRECEDENCE SYSTEM

There are four levels in the telephone precedence system established for telephone calls placed within the Defense Communications System (DCS). At this base, their use is confined to the Defense Switched Network (DSN).

- A. **FLASH OVERRIDE:** This capability is available to the National Command Authorities (NCA).
- B. **FLASH:** Is reserved for alerts, warnings, or other emergency actions having immediate bearing on National Command or area security (e.g. Presidential use; announcement of an alert; opening of hostilities; land, air, or sea catastrophes; intelligence reports on matters leading to enemy attacks; potential or actual nuclear accident or incident; implementation of procedures etc.). Calls may be preempted by the application of the FLASH override capability.
- C. **IMMEDIATE:** Is reserved for vital communications which have an immediate operational effect on tactical operations, that directly concern safety or rescue operations, or affect the intelligence community operational role (e.g. Initial vital reports of damage due to enemy actions; land, sea or air reports which must be completed from vehicles in motion such as operational mission aircraft; intelligence reports on vital actions in progress; natural disasters or widespread damage; emergency weather reports having an immediate bearing on a mission in progress; emergency use of circuit restoration; use by tactical Command Posts for passing immediate operational traffic, etc).
- D. **PRIORITY:** Is reserved for calls which require prompt completion for national defense and security, the successful conduct of war or safeguarding life or property, but do not require higher precedence (e.g. Reports of priority land, sea or air movement; administrative intelligence; operational or logistic activity calls requiring priority action; calls that would have a serious impact on military, administrative, intelligence, operational or logistic activities if handled as a ROUTINE call).

E. **ROUTINE:** Is reserved for all other official communications.

TELEPHONE CLASSIFICATION

Telephone extensions installed at Barksdale Air Force Base are authorized for the transaction of official government business only. They are administratively classified in accordance with AFI 33-111 as follows:

CLASS A/FTS – Telephones authorized access to long distance, local city trunk lines and DSN.

CLASS A – Telephones authorized access to city trunk lines and DSN.

CLASS B – Telephones authorized access to city trunk lines, but not DSN.

CLASS C – Telephones restricted to official intra-base business only. No access to city trunks or DSN.

FROM BASE EXTENSIONS

- (a) For on-base service, dial the seven-digit extension.
- (b) For local area calls dial "99" plus the number desired, from an authorized telephone.
- (c) For DSN calls dial "94" and the seven digit DSN number, from an authorized telephone.

FROM COMMERCIAL NUMBERS

To access on-base extensions dial 456 or 529 plus the four-digit extension desired.

EMERGENCY CALLS

Emergency numbers are listed on the front cover of this directory. If you need assistance, dial: – 911 base ext. – 911 commercial

INFORMATION CALLS

For Long Distance, Base Information, and all DSN Information: Dial "0" from on base or 456-1110 for operator assistance.

FEDERAL TELECOMMUNICATIONS SYSTEM (FTS)

FTS is provided for the sole purpose of making all government official long distance calls for agencies not serviced by DSN. Contact your Unit Telephone Control Officer (TCO) to obtain a control number before placing a FTS call if you do not have FTS access on your phone. All FTS calls made from phones that do not have FTS access are placed through the base operator.

TOLL-FREE INFORMATION

Toll free 800, 866, 877, & 888 numbers may be dialed from class "A" telephones by first dialing 99+1 and the toll free number. Toll-free directory assistance can be obtained by dialing 800-555-1212.

INCOMING COLLECT CALLS

DO NOT accept incoming collect calls.

TELEPHONE DIRECTORY DISTRIBUTION ON BASE

The Barksdale Air Force Base Telephone Directory is published online on the base website,

www.barksdale.af.mil. Hard copies of all or part of the directory can be made by each office as required by printing front to back pages as selected from the website.

TELEPHONE SERVICE COMPLAINTS

Accuracy, speed, and courtesy are three principles that guide our telephone operators. Each operator is assigned an operator number, and only these numbers can be given for identification purposes. Should you receive unsatisfactory service, obtain the operator number and bring the matter to the immediate attention of the Task Leader, Base Switchboard at 456-4936.

TELEPHONE SPECIAL NOTICE

Before digging any postholes, ditches, or excavating for any reason, a permit must be obtained from 2 CES so the area can be surveyed to ensure protection of underground telephone cables.

TELEPHONE TIPS TO BETTER SERVICE

1. Telephone users are responsible for the security of information discussed over the telephone.
2. Conversation with telephone operators must be limited to requesting pertinent information and giving instructions for placing calls. Unnecessary conversation keeps other users from receiving prompt attention.
3. Notify the Comm Focal Point at 456-2666, option 2 when a building or office with telephones is vacated.
4. Under no circumstances will the subscriber move, alter, or affix devices or make additions to the telephone equipment without the approval of the 2d Communications Squadron. The subscriber will be responsible for proper care and use of installed equipment.
5. Changes, erroneous or obsolete directory listings, etc., should be reported to the Comm Focal Point. The Base Telephone directory is only as correct as the information submitted by organizations, staff offices and individuals.
6. The unauthorized use of the Barksdale AFB telephone system and long distance procedures (unofficial calls billed to the Government) is punishable under Article 92 of the UCMJ.

TELEPHONE TROUBLE REPORTING

If you experience problems with your telephone, call the Comm Focal Point at 456-2666, option 2.

REQUEST FOR TELEPHONE SERVICE

Request for government telephone installation, relocation, disconnects, etc., will be submitted in a WOMS request. All WOMS requests must be signed by the unit TCO. Any questions should be addressed to the Comm Focal Point at 456-2666.

BOMB THREAT

If you receive a bomb threat, **DO NOT HANG UP!** Utilize the Bomb Threat procedures form (AF Form 440), located by your telephone. Using a different telephone,

call the Security Forces at 911 or 456-3895. If possible danger to life or property is encountered, alert personnel and evacuate the building.

NUISANCE CALLS

Anyone receiving a nuisance call in which the caller uses obscene language, should **HANG UP!** If the calls persist, leave the phone off the hook, using another phone, call 911. They will initiate a call trace via the Communications Squadron.

MINIMIZE

1. Minimize is a condition imposed by Commanders to control and reduce electrical communications, both message and telephone traffic, during exercises or periods of emergency. During such periods, vital and relevant message traffic must be drastically reduced.
2. Minimize may be imposed Department of Defense wide, Command wide, or for given countries, states, or areas as conditions warrant.
3. Minimize may be imposed on DSN, telephone, data, or teletype systems. One or all systems/services may be minimized as required.

PERMANENT HOLD

Description: This feature allows a station to place an in-progress call on hold while conversing in the office, researching files, etc.

To Activate: Flash the hookswitch; hear the special dial tone. Dial *79 and hang up; your call is now on hold. Your phone will ring intermittently as a reminder. If you do not hang up, there will be no ring.

To Return: Lift the handset or flash the hookswitch.

CONSULTATION HOLD

Description: This feature allows a station to place an in-progress call on hold to take a waiting call or to access another feature, such as Call Transfer.

To Activate: Flash the hookswitch; hear special tone. Dial number; consult privately; allow consulted party to hang-up. You are reconnected to your original call.

CALL TRANSFER

Description: This feature permits subscribers to transfer an in-progress call to another number without operator assistance.

To Activate: Flash the hookswitch; hear special dial tone. Dial number; announce caller in privacy; hang up.

To Respond: Hear a short burst or ringing; lift handset; number is automatically dialed.

CALL FORWARDING

Description: This feature allows a call directed to a number to be automatically routed to any other number.

To Activate: Lift the handset and dial *70, then the number you wish to forward the phone to.

To Cancel: Lift handset; dial #70; hear regular dial tone; hang up.

AUTOMATIC CALLBACK (RING AGAIN)

Description: This feature permits a station to request automatic callback upon encountering a busy number with the base system. The call back has a distinctive ring.

To Activate: Lift the handset; dial *78 then hang up the phone. Once the called number is no longer busy, your phone will ring you. Pick up the handset and it will call the number again.

CALL HUNT

Description: This feature allows the telephone system to search for a non-busy number when a busy number is called. The number you dialed must be in a hunt group for this option to work.

3 - WAY CONFERENCE

Description: This feature provides subscribers a means of placing a party on hold and then adding another party to an in-progress call without operator assistance. The total number of parties in the conference cannot exceed three.

To Activate: Flash the hookswitch; hear special tone; dial number; flash the hookswitch again.

CALL PICKUP

Description: This feature allows subscribers to pick up other phones within their call pickup group.

To Activate: Dial 1-1-1; answer call.

MEET ME NET CONFERENCES

Description: This feature allows up to 30 users to dial in from any location and have a teleconference. For further information or to schedule a Meet Me number, call CFP at 456-2666, option 2.

VOICEMAIL PROMPTS

For users with Nortel phones, please follow the below instructions for voicemail.

After logging in, listen to the mailbox summary. While each message is playing, you can use the following options:

- To skip back, press 1.
- To skip forward, press 3.
- To play the message faster, press 23.
- To play the message slower, press 21.
- To pause, press #.
- To play message, press 2.
- To go to the next message, press 6.
- To go to previous message, press 4.
- To delete a message, press 76.
- Deleted messages can be restored in the same session by pressing 76 again.

For users with Cisco VoIP phones, please follow the below instructions.

- To listen to new message, press 1.
- To listen to old messages, press 3 then: press 1 for saved messages, or press 2 for deleted messages. During message playback or summary, you can press the following numbers:
- To restart message or summary, press 1.
- To save message, press 2.
- To delete message, press 3.
- To reply to message, press 4.
- To forward message, press 5.

- To save message, press 6.
- To skim message or summary, press #.

SECURE COMMUNICATIONS

1. When the STE is in the Un-keyed Mode, it will be used to place unsecure unclassified calls ONLY. Removing the CRYPTO Ignition Key (CIK) makes the terminal un-keyed.
2. When the terminal is in the keyed mode (CIK inserted in the STE), it must be afforded protection commensurate with the level of the key it contains and may only be used by authorized personnel. When unauthorized personnel are in the area, the keyed STE must be under the operational control and within the view of at least one appropriately cleared and authorized person.
3. Strict attention must be paid to the authentication display to ensure the classification level of the conversation does not exceed the highest clearance and authorized person.
4. To ensure the distant STE does not contain expired key, scroll the display as soon as you go secure. If it does contain expired key, do not discuss classified information and call your STE Responsible Officer to report the situation as soon as possible.
5. Before discussing classified information on the STE, the person making the classified call must ensure all personnel in the area are cleared and have a valid need to know.
6. Each STE user must electronically re-key their STE at least quarterly. This may be accomplished by calling the Key Management Center (KMC) and follow the instructions displayed on your terminal.
KMC..... 800-635-6301
7. STEs not under the direct control of authorized persons or in an area authorized open storage must remove the CIK from the terminal and store it in a GSA approved storage container (if stored in the same room as the terminal), or in a locked cabinet/desk (if stored in a separate room or office). The idea here is to deny access to the CIK and the terminal to unauthorized personnel. Store the CIK by the most secure means available.
8. CIKs and STE terminals will be added on SF 701, Activity Security Checklist or some equivalent end-of-day security checklist.
9. Report the loss of your CIK to your SRO without delay.
10. The following are examples of reportable security incidents. Report all known or suspected security violations to your SRO immediately!
 - a. Any instance when the authentication information displayed during a secure call is not representative of the distant terminal.
 - b. Failure to adequately protect or to erase CIK associated with a lost terminal.
 - c. When the authentication display indicates the called party has a compromised key.
 - d. Lost STE, CIK and/or terminal.

PHONEBOOK UPDATES

To update a listing in the phonebook, please contact your Telephone Control Officer (TCO) or call the operator.
