

The 2nd Bomb Wing conducts the primary mission of Barksdale Air Force Base, La., with three squadrons of B-52H Stratofortress bombers - the 11th Bomb Squadron, which is the training squadron, the 20th Bomb Squadron and the 96th Bomb Squadron.

Together they ensure the 2nd Bomb Wing provides flexible, responsive, global combat capability, autonomously or in concert with other forces, and trains all Air Force Global Strike Command and Air Force Reserve B-52 crews.

The Deuce provides our nation with strategic deterrence capabilities and devastating global combat air power--anytime, anywhere.

The graphic features the 2nd Bomb Wing crest on the left, the 'STRIKER NATION' logo on the right, and a background of various military emblems. The text is centered and uses a mix of white and yellow colors.

2D BOMB WING

VISION

A 2D Bomb Wing family of successful, ready Airmen, supporting each other to make tomorrow's bomber expertise a reality today.

MISSION

Protect the liberties of our nation with unmatched long range strike capabilities.
